

Safety Passport -CCNSG

The aim of the course is to ensure a basic knowledge of general health and safety for all site personnel in the construction/engineering industry.

It will enable them, after appropriate site induction, to work on site more safely with lower risk to themselves and others. Your passport is valid for 3 years.

INITIAL 2 DAY COURSE

This Course is devised for those individuals wishing to obtain a safety passport for the first time or who previously held a passport and it is more than 3 months out of date.

REFRESHER 1 DAY COURSE

This course is devised for individuals who wish to keep the qualification up to date. i.e those who currently hold a passport or the passport has an expiry date within the 3 month grace period.

SUPERVISING 1 DAY COURSE

This course is devised for those individuals who have a key role in the company and are responsible for maintaining health and safety on site.

On passing the required grade, each candidate will be presented with a CCNSG Safety Passport (valid for 3 years) to take away on the day allowing you to be available to work straight away.
